

Coloring the Street

Coloring the Street invites you to join us as a contributing chalk artist at this fabulous event hosted in historic downtown Middletown, Maryland, featuring street yoga, live acoustic music, a themed and juried art competition, children's process art and entertainment, wine tastings and more.

Artists are encouraged to enjoy all that the event has to offer! We are looking for both professional artists and keen amateurs to share their talents and experience with our visitors and competition artists. All participating artists will receive a box of high-quality chalk pastels, a professional print and digital image of your work and complimentary refreshments throughout the day.

From our applicants, we will select a limited number compensated Featured Artists. Featured Artists' squares will be sponsored. Featured artists are obligated to include sponsor's name in 6-inch tall letters on the bottom of their art square. Please add your sponsors name to your square as soon as you start. You can change or embellish it later if needed.

We welcome submissions from all levels of experience - we want to FILL the streets with all kinds of chalk art!
